

# PHAMA PROGRAM LOGIC

## M&E Tools

### Six monthly country reports & ASPs

- broken down by commodity/crop
- progress against tasks
- reminder of rationale
- measure changes in production, exports, prices
- identify key risks

### Country fact sheets/Case studies Annual MAWG & IWG case studies to monitor improvements in capacity

### Annual MAWG & IWG case studies to monitor improvements in capacity

- meets regularly
- good public & private sector representation & commitment
- institutional home
- medium-long term funding in place
- able to prioritise MA requests based on criteria
- clear mandate

### Commodity & Activity Updates

present baseline data, provide rationale for funding, identify outputs and impact

### Monthly reports from NMACs/LTAs to PMO and from PMO to DFAT
